

SUBJECT INDEX

- abdominal aortic aneurysm 371
- abdominal
- trauma, blunt 13
 - wound closure 353
 - wound closure, in children 577
- adactyly, congenital 583
- abnormalities, congenital
- anus, imperforate 229
 - atresia, biliary 125, 129
 - hypospadias, timing of repair 449
 - hypospadias, timing of repair (ed. comm.) 396
 - penile sleeve rotation and urethroplasty 57
 - pre-auricular sinus 267
 - vagina, imperforate, ultrasonography of 49
- actinomycosis, of gall bladder 587
- adactylic hand, in children 581
- adenocarcinoma, 5 yr survival and operative mortality of 113
- staging 211
- adrenalectomy, surgical 415
- alcoholism, with pancreatitis 403
- algorithms, for cerebrovascular disease diagnosis 509
- alveococcosis 203
- ambulance, intensive care, role of 435
- amputation, for melanoma 241
- anastomosis
- gastro-intestinal, use of EEA stapler in 121
 - ileo-anal 551
 - ileal, perforation of by enterolith 583
 - leakage from 223
- aneurysm
- aortic, abdominal 105
 - femoropopliteal, with vein bypass grafts 317
 - internal carotid artery 521
 - mycotic 371
 - popliteal 99
- angiography 521, 527, 533, 539
- cadaveric 453
- ankle, rupture of lateral ligaments of 139
- antibiotics, controlled trial of metronidazole and cotrimoxazole 421
- anus, imperforate 229
- aortic aneurysm
- ruptured, abdominal 371
 - with giant cell arteritis 375
- aorta, proximal control of during non-aortic surgery 479
- APE (abdominoperineal excision) 445
- appendicectomy, audit of 89
- prevention of sepsis after 421
- arteritis, giant cell, with aortic aneurysm 375
- atherosclerosis 105
- atresia, biliary 125, 129
- audit, of appendicectomy 89
- autograft, splenic 343
- bacteriology 245
- biopsy, by flexible endoscope 545
- bladder carcinoma *see* neoplasm
- blood transfusion, effect of on thrombosis 439
- bone scan, technetium 133
- Bowen T. A., biography and charitable bequests in Victoria of 183
- breast cancer *see* neoplasm
- bronchitis, chronic, effect of on pulmonary oedema after peri-operative sepsis 157
- bronchopulmonary sequestration, subdiaphragmatic 487
- bronchus, rupture of, after blunt thoracic trauma 305
- Budd-Chiari syndrome 309
- Buerger's disease, of sigmoid colon 111
- bypass surgery
- gastric, for morbid obesity 321
 - gastric, for oesophageal neoplasm 31
 - for oesophageal neoplasm 259
 - for pancreatic carcinoma 411
- cancer *see* neoplasm
- carcinoid syndrome 325
- carcinoma, of oesophagus and cardia, diagnosis by flexible endoscope 545
- cardia, flexible endoscopy of 545
- carotid artery, internal
- aneurysm of 521
 - fibromuscular disease of 527
 - spontaneous dissection of 533
- carotid body, neoplasm of 539
- carotid lesions (ed. comm.) 503
- catheter, peritoneal, extrusion of through neck incision 117
- catheterization, long term central venous 263
- cerebrovascular disease, diagnosis of using algorithms 509
- chemotherapy
- for gastric neoplasm, using adriamycin, mitomycin-c and 5-fluorouracil 237
 - for advanced bladder cancer 333
- chest injury *see* trauma
- cholangitis, in biliary atresia 125, 129
- cis-platinum (DDP), in treatment of advanced bladder cancer 333
- colectomy 223, 551
- colon, aganglioneosis of 557
- colon, short 229
- colon, sigmoid, Buerger's disease of 111
- colonoscopy, filing and analysis of data from, by microcomputer 465
- colorectal cancer *see* neoplasm
- computed tomography (CT), of bronchopulmonary sequestration 487
- computer, micro, use of in surgical data filing and analysis 465
- cross clamping, for proximal aortic control 479
- cyst, use of suction cone during removal of 471
- cysticercosis, by *Taenia solium* 281
- cytology, fine needle, of thyroid 297
- data, filing and analysis by microcomputer 465

- DDP (*cis*-platinum), for advanced bladder cancer 333
 delayed presentation of
 intracerebral haematoma 169
 posterior fracture dislocation of hip 493
 DVT (deep vein thrombosis), prevention of 301
 diagnosis
 abdominal trauma by peritoneal lavage 13
 cerebrovascular disease by algorithm 509
 oesophageal carcinoma 25
 popliteal aneurysm 99
 posterior fracture dislocation of hip by X-ray 493
 saphenofemoral incompetence by
 ultrasonography 399
 dilatation, graduated, for FMD of internal carotid
 artery 533
 dissection, spontaneous, of internal carotid artery 533
 dysplasia, fibromuscular, of internal carotid artery 527
 echinococcosis 203

- instruments
 EEA stapler, use of in colorectal surgery 121
 gastro-intestinal anastomosis (GIA) autosuture
 stapling device 273
 nasogastro-intestinal tube stenting using a Dennis
 tube 7
 suction cone for use during hydatid surgery 471
 grooved tablespoon for tongue-tie release and hernial
 neck transfixion 61
 urethrotome 271
- intensive care
 ambulance and paramedics, roles of 435
 unit, in treatment of blunt thoracic trauma 37
- intestinal obstruction
 recurrent, prevention of 7
 by volvulus 483
- intestine, small, perforation of due to tuberculosis 381
- intubation, nasogastro-intestinal 7
- in vitro* fertilization, repercussions on general surgery
 of 53
- jaundice, recurrent, in pancreatic carcinoma 25
- joint
 hip, prevention of thrombosis after replacement
 of 439
 sternoclavicular, posterior dislocation of 427
- knee
 anterior cruciate insufficiency of 145
 lateral ligaments, rupture of 139
- kyphosis, Luque rod fixation for 473
- laryngectomy, total 67
- leiomyosarcoma, of parotid gland 179
- ligament,
 anterior cruciate insufficiency of knee 145
 lateral, rupture of 139
- liver, Budd-Chiari syndrome 309
- liver cancer *see* neoplasm
- liver disease, non-alcoholic, effect on treatment of
 oesophageal varices 19
- Luque rod fixation 473
- lymphadenopathy, tuberculous 253
- Macintosh substitution, for chronic anterior cruciate
 insufficiency 145
- mastectomy, effectiveness of 459
- MCIF (musculocutaneous island flap), in reconstructive
 head and neck surgery 453
- melanoma 241
- meningomyelocele, Luque rod fixation for kyphosis
 in 473
- microcomputer, use of in surgical data filing and
 analysis 465
- microsurgery, repair of fallopian tube 161
- monofilament nylon for wound closure 353
- neck
 gustatory syndrome following radical dissection

 polyglycolic acid (PGA), for wound closure 353
 polymyalgia rheumatica 375
 proctocolectomy 551
 pulmonary oedema, associated with peri-operative sepsis and chronic bronchitis 157
- radionuclide imaging
 of spleen 343
 using technetium, in assessing spleen after traumatic rupture 431
 using technetium in localization of osteomyelitis 339
 technetium, bone scan 133
 xenon, in assessment of blood supply during reconstructive surgery 453
 radiotherapy, with mastectomy 459
 reconstructive surgery
 of head and neck using MCIF 453
 of nipple areola 63
 urethroplasty for urethral fistula 57
 after total laryngectomy 67
 rectum, abdominoperineal excision (APE) of 445
 renal transplantation *see* transplantation
 respiration, failure of, after blunt thoracic trauma 37
- saphenofemoral incompetence, assessed by ultrasonography 399
 scintigraphy *see* radionuclide imaging
 seminoma 277
 sepsis
 after blunt thoracic trauma 37
 peri-operative, with pulmonary oedema 157
 postappendicectomy, prevention of 421

 transplantation, renal
 tuberculosis infection in recipient 173
- trauma
 abdominal, blunt 13
 after motor vehicle accident, causing bilateral eye injuries 567
 assessment by paramedical ambulance officers of 435
 delayed intracerebral haematoma after 169
 mortality from extradural haematoma after 85
 hepatic, resection for 291
 spleen 431
 stomach, blunt, causing ulceration 379
 thoracic, blunt 305
 thoracic, blunt, as cause of death 37
 thoracic, resulting in great vessel trauma 427
- tuberculosis
 causing perforation of small intestine 381
 disseminated, in renal transplant recipient 173
- tube stent, intraluminal 7
 tumour *see* neoplasm
- ulceration, gastric 379
 ultrasonography
 of bronchopulmonary sequestration 487
 directional doppler, in assessment of saphenofemoral incompetence 399
 in examination of imperforate vagina 49
